### Union Pacific Railroad Releases Schedule of Temporary Crossing Closures in Sugar Land

**WHAT: Union Pacific Announces Upcoming Closures for Rail Maintenance Project**

Union Pacific announces crews will conduct maintenance work on the existing railroad track that parallels Highway 90A next week, between the hours of 8 p.m. and 5 a.m. While train horns will not be sounded, residents can expect the noise-level of a typical construction site.

The Dairy Ashford crossing is expected to close April 14. Overnight closures for the Wood and Research Street crossings will be announced at a later date. Dates are subject to change, based on construction progress or delays.
